

# Acoustic Telemetry Workshop

Sharklab ADRIA

15-16 March 2023 in Vlorë, Albania

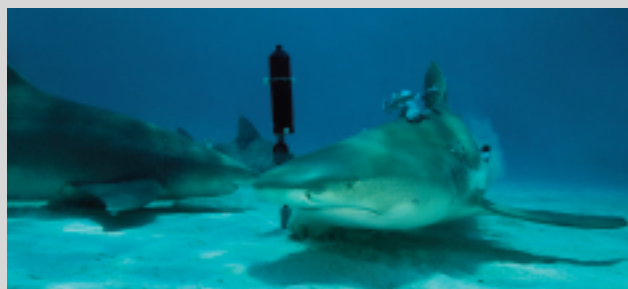

[www.sharklab-adria.org](http://www.sharklab-adria.org)

[www.innovasea.com/fish-tracking](http://www.innovasea.com/fish-tracking)

Join Dr. Andre Steckenreuter of Innovasea for a comprehensive workshop to learn more about how Innovasea's acoustic telemetry products and systems can help you understand the behaviour and migration of animals in any aquatic environment.

## Workshop Topics

- » Foster & initiate regional research collaborations
- » Innovasea's Acoustic Telemetry Technology Overview
- » Designing a Successful Study (hardware selection, tag programming, range testing)
- » VPS Fine-Scale Positioning
- » Array Deployment
- » Data Management & Analysis
- » Introduction of New Products
- » Live Demos of Equipment

Please RSVP your attendance (together with any dietary requirements) to:

**Andre Steckenreuter**  
Regional Manager Europe  
[andre.steckenreuter@innovasea.com](mailto:andre.steckenreuter@innovasea.com)

**Andrej A. Gajić**  
Research scientist  
[agajic@sharklab-adria.org](mailto:agajic@sharklab-adria.org)

This workshop is free of charge.  
Lunch and afternoon coffee breaks will be provided.
